93238-98: 840w I-Force Transformer, 120v

Specification Images:

Collection: I-Force Series

The I-FORCE multi-tap transformer is the industry's first top mounted transformer series, perfect for indoor and outdoor lighting projects.

Maximum Wattage: 840w

Primary Output: 120v

Secondary Output Taps: 24v, 25v, 26v, 27v, 28v, 29v, 30v

Secondary Fuse & Lug

Isolated single core construction.

Stainless steel (304 gauge) enclosure with lockable hinged door and lid with gasketed weather seal.

Spacious work compartment with hidden rear wire chase providing trouble-free access of multiple low voltage cables.

Primary and secondary fuse protection with oversized color coded aluminum lug terminals ideal for multiple connections at each tap.

6 ft power cord.

Photocell and timer ready with knock-outs for conduit.

Use of other manufacturers' components and power management system materials will void warranty, listing, and present a possible safety hazard. Please use caution when specifying lamps by selecting the proper voltage, base type, and wattage lamp when designing and installing any lighting system.

UPC #:785652173684

Finish: Brushed Stainless (98)

Dimensions:

Width: 8"

Extends: 8"

Height: 13 1/2"

Wire: 72" (color/Black)

Material List:

1 Construction - Stainless Steel - Brushed Stainless

Safety Listing:

cETL Listed for Wet Locations
